darwaishivani

Profile Summary

Enthusiastic and motivated MERN Stack and Next.js developer. Committed to continuous learning and passionate about pursuing a rewarding career in the dynamic field of Web and Software development.

Projects

Portfolio

HTML CSS Javascript GSAP Locomotive.js

Designed a visually appealing portfolio platform showcasing projects and skills. Implemented GSAP for animations and leveraged Locomotive JS for a polished user experience, highlighting proficiency in front-end web development and smooth navigation techniques.

Internshala Clone

Node.js Express.js REST APIs JWT MongoDB Next.js React.js Redux Toolkit Tailwind CSS

Created a platform where students can explore and apply for internships and jobs, while employers can post their internship and job requirements. Demonstrated proficient use of modern web technologies and a deep understanding of both front-end and back-end development to create a user-friendly and functional application.

Chit Chat

Node.js Express.js MongoDB Socket.io Passport.js EJS

Developed a chat web application using Node.js, Express.js, and MongoDB, implementing secure user authentication with Passport.js. Achieved an interface resembling WhatsApp for a seamless chatting experience.

Utilized Socket.io for real-time messaging and incorporated CSS and EJS to create an interactive and visually appealing user interface, enabling users to register, log in, and engage in one-on-one chat interactions.

Task Manager Web App

Next.js ReactJS TailwindCSS

Designed an intuitive platform for task management, offering easy creation, reading, updating, and deletion of tasks with categorized status options (pending, in process, completed). Leveraged Next.js, React.js, and Tailwind CSS for a user-friendly interface, showcasing effective web development skills.

Recall Rush

Javascript CSS HTML

Developed an interactive memory game using HTML, CSS, and JavaScript, featuring a grid of 16 images where users engage in cognitive challenges by matching pairs of identical images, demonstrating strong front-end web development skills.
